

2023 ANNUAL REPORT

THANK YOU!

2023 was a growth year for us with the addition of 3 partners in our prescription voucher program: Centro Para Familias Hispanas, First Presbyterian Outreach, and Urban Ministries Walk-in Clinic. Additionally, over 250 volunteers donated over 1,200 hours of their time to help accomplish our mission.

Our Health Kit Program distributed a record 600 kits to low-income individuals and families transitioning to stable housing. An environmental health kit was added to our program for individuals who are unsheltered. In addition, we sponsored a MedAssist Free Pharmacy event that served over 800 individuals.

WHAT'S AHEAD FOR 2024

We are proud to announce that our new blood pressure monitoring program, Caring Measures, has now launched at UNC Mobile Health Unit and Alliance Medical Ministry. This program, created in loving memory of our past president Bob Usry and kickstarted by memorial donations in his honor, promotes preventive blood pressure screening and provides clinically-calibrated blood pressure monitors for home use by patients at risk for hypertension.

Your continued support will help Wake County residents live healthier lives.
